## FATHERS' DAY 2024

Father's Day is a beautiful time to celebrate fatherhood nationwide.

Every child needs a biological father and a biological mother. Parents who demonstrate the natural affection and tender-heartedness to their child creates a place of safety and security, for them!

Fathers, particularly in a society driven by capitalism, often feel the weight of extreme pressures. It's crucial for them to be reassured, empowered, and equipped with the knowledge to guide and provide direction to their children confidently. They need to understand that they are not alone in this journey and that they are doing their very best, which is more than enough.

Tiffany House Australia emphasize the need to build healthy family structures. When firm, these structures can withstand life's challenges and provide a nurturing environment for children.

Day!

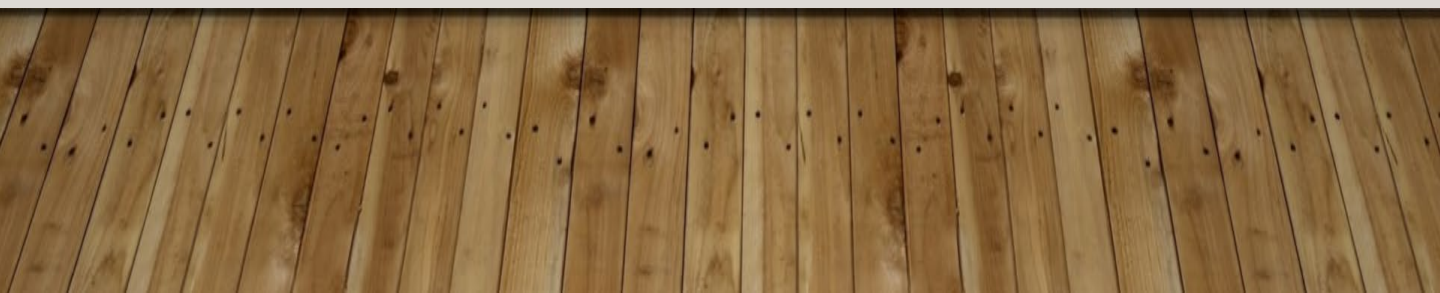

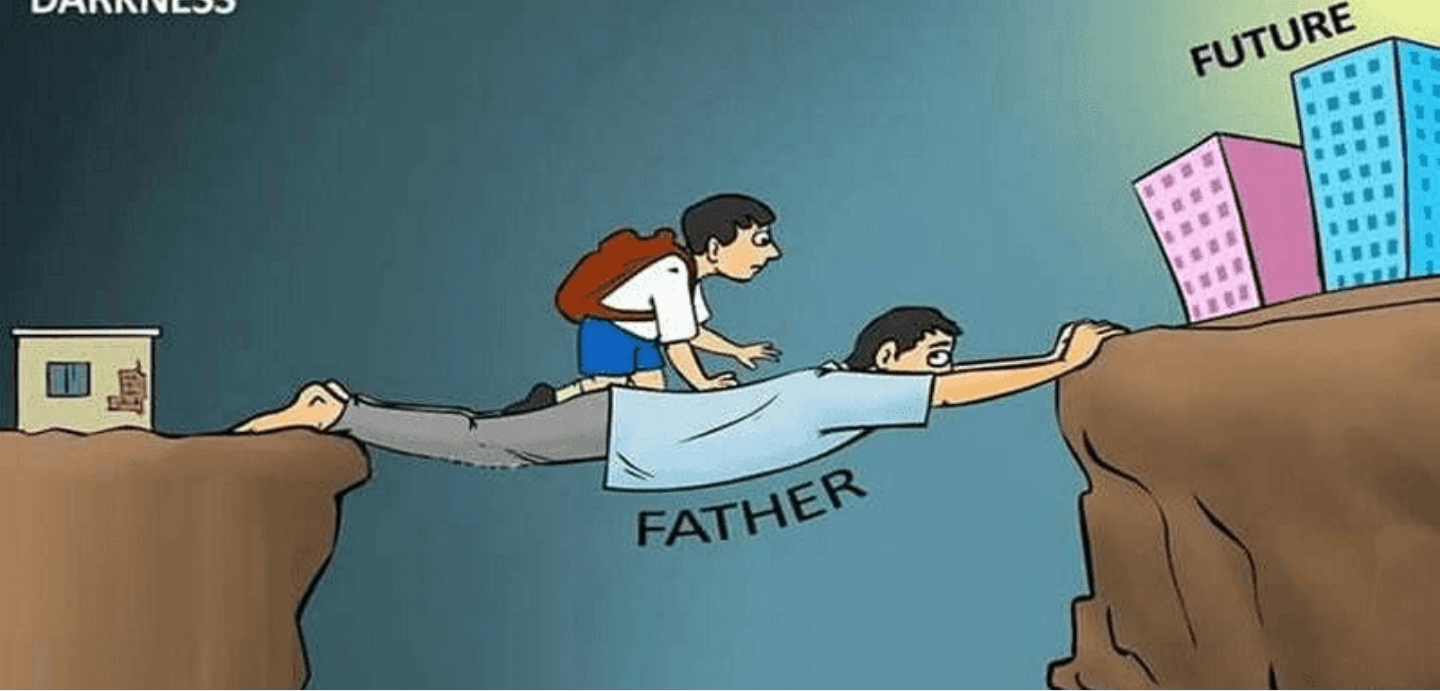

Dave Poulton's new book explores why society has lost its way. Here is an excerpt that concerns the masks men wear.

Charles C Finn wrote the following poem: "Don't be fooled by me. Don't be fooled by the face I wear, for I wear a mask, a thousand masks, masks that I'm afraid to take off, and none of them is me. Pretending is an art that's second nature to me, but don't be fooled. I give you the impression that I'm secure, that all is sunny and unruffled with me, within as well as without, that confidence is my name and coolness my game, that the water's calm and I'm in command and that I need no one, but don't believe me. My surface may seem smooth, but it is an ever-varying and ever-concealing mask. Beneath lies no complacency. Beneath lies confusion, and fear, and aloneness. But I hide this. I don't want anyone to know it. I panic at the thought of my weakness being exposed."

Dave's books depict weaknesses as strengths. When we own our weaknesses and are compassionate, they transform into a stronger sense of self.

Some thoughts on Father's Day.

If you view the latest census on families, you may become despondent. But there is hope. Much is being done to empower men by helping them build a solid emotional front. From my observation, I have concluded that the stronger the internal structures are in the male, the stronger the bonds are with his children.

Dave Poulton is turning the hearts of the fathers back to their families through his weekly teaching at Authentic Church in Logan. Many in his church see Dave as a father figure, inspiring hope that every soul is valuable.

Father's Day is a beautiful opportunity to tell your Dad how thankful you are that he is in your life. If your relationship isn't the best, think of four good qualities and focus on them. Fathers are an essential link to a child's well-being.

## DR. DAVE POULTON

Dave is very involved in the city of Logan, Queensland. Logan is a multicultural city with a high percentage of its current residents made of families or individuals who are either refugees or asylum seekers. Dave is retired, mentors up-and-coming leaders, and is a father figure to teenagers looking for direction in life. Dave runs small groups that encourage a focus on God's Father's Heart. He recently ran a weekend seminar at Authentic Church on bringing the prodigals home to the father's house.

He is currently working on three books highlighting the role of the Father in the Church. He is planning a book signing at Koorong in Brisbane and is preparing for a wider involvement in the community. Dave is much loved by all who know him. His new titles include So You Wannabe a Prodigal and Pastoring in a Fatherless Society.
