TIFFANY HOUSE
Australia

AUTUMN 2024

From the editor.

We live in an unprecedented time of change. Technological advancement is transporting us into an era of transhumanism, and the vast number of choices available in the West is now demanding we take a fresh look at where we are heading. It is time to slow down, take a deep breath, and relax with a book that will help us rethink the world in which we live. Books give a fresh perspective, and each of the authors here at Tiffany House Australia takes the reader on rewarding journeys.

Book Fair Australia is happening again this year (November) I will be attending again with Glenn. Last year was a big success we not only sold some books but met some great people and had a lot of fun.

I am looking forward to November and we will have new titles to sell.

Glenn Cossar is one of Tiffany House Australia's best-selling authors. Glenn had a busy start to the year; first up, he officiated at the opening of the latest of the A-B STREET LIBRARY IN Campbelltown.

Glenn continues to catch up with his work in the community, which keeps him grounded and allows him to access creative stories. He is inspired by those he encounters and is working on the next book. He will complete his trilogy on the In Search of Hope series by the end of the year.

Glenn supports MR PERFECT, MORE THAN A BBQ events. These occur each month and are held KOSHIGAYA PARK CAMPBELLTOWN. Numbers are growing and men are openly discussing how life is for them. Many are feeling encouraged and feeling supported. Newcomers are always welcome.

Glenn and I have been attending the Westwords, In-Person Writers Group hosted by Campbelltown Library. Linda Godfrey leads the group in writing exercises and attendees share their efforts and exchange writing ideas. The group meet fortnightly, and Glenn and I enjoy the interaction and generosity of the writers local to the Macarthur region.
